Welsh Masters Athletics Association

Notes for the website of the General Committee Meeting held on 29 August 2018 at Cardiff

The Committee welcomed Cathy Pearce for her first meeting.

Track & Field meetings for 2019

The meeting considered detailed aspects of the membership, its location, available tracks and their condition, timing, collaboration with other Masters, etc. An outline plan was discussed, and the Secretary was charged with checking stadia availability so the plans could be fine tuned at the next meeting.

The possibility of Welsh Masters acquiring its own photo finish equipment was considered. However, it seemed it would take a couple of years to get sufficient officials trained as they needed considerable experience to get to the requisite level. Under this circumstance it would not be possible to use this option in 2019.

The Committee would like to hear from any member who has some thoughts on the 2019 events as soon as possible as the next meeting would finalise the plan.

Cross Country and Road events

Arrangements for the British and Irish Masters Cross Country International Meeting were still in progress (17 November in Singleton Park). More information would be available after the World Masters in Malaga.

Next Meeting

26 September 2018 in Cardiff.
